INVESTIGATION OF THE NEW LEFT
BUDED: 6/21/68

Agitation by New Left groups, particularly those based on campuses, is on the increase. The activities of these groups and the individuals connected with them are becoming increasingly militant and violent. It has previously been called to your attention that it is imperative that adequate informant and source coverage be developed so the Bureau will be aware of current and planned activity in this field.

You should aggressively pursue your efforts to develop informants and sources concerning campus based New Left activities so that the Bureau will have advance knowledge of planned activities. In this connection the following suggestions are set out.

Some informants presently utilized in reporting on Communist Party and related activities should be redirected into coverage of New Left activities. These informants can also be utilized to cover Key Activists by those offices handling the investigation of such individuals. You are to immediately survey your present security informant coverage to determine the informants which can be redirected into the New Left field. Bear in mind that this does not preclude their furnishing information regarding communist activities. The Bureau is to be advised of the results of this survey by 6/21/68.

In addition, you should consider obtaining from the military intelligence agencies in your Division the identities of military intelligence personnel who have been recently discharged or are about to be discharged. Many of these individuals enter college after their discharge from the service and should offer mature experienced candidates for development as informants and sources. In those instances where the individual's residence is covered by another office, you should advise that office of his identity and background information concerning him so that it can be determined whether he has entered college.

You should insure that you have close and continuing liaison with the military agencies in your area to insure that the Bureau is obtaining all information developed by the military. In this connection, many individuals presently in the service attend college on either a full or part-time basis. These individuals could be utilized through the military intelligence agencies as campus sources. Through your liaison with the military intelligence agencies, it should be possible to utilize military personnel to aid in covering large-scale demonstrations and campus disturbances. While it is recognized that these individuals will be under the control of the military intelligence agencies, there should be no problem in your obtaining information developed by them. You should consider this possibility in those instances where your own coverage is inadequate.

You are reminded that the indications are that campus militancy will increase and that the Bureau will be faced with a major problem in covering campus activity during the coming school year. Adequate coverage can and must be developed.

Re Bureau letter to Albany 8/2/68.

The re letter enclosed for each recipient office copies of a reproduction of an article appearing in "Barron's" magazine entitled Campus or Battleground? Columbia is a Warning to All American Universities."

This is a particularly hard-hitting indictment of the Columbia University riots and the reaction of University officials thereto.

It is the Bureau's belief that this article, written by an on-campus eyewitness, can be used to advantage by the Bureau to inform other educators and administrators of the true nature of the New Left and its attack upon our educational institutions.

The Bureau requested that copies of this article be furnished to educators and administrators within the division who are established sources or where appropriate, the Bureau advised that it might be well to mail a copy of the above anonymously to those college educators and administrators who have shown a reluctance to take decisive action against the New Left.

Bureau further requested that any positive results obtained from the above or any comments made by recipients should be furnished the Bureau under the above caption.

Each Senior Resident Agent and each roadtrip Agent is requested to determine the number of copies needed for distribution within their territory and to relay such request by routing slip to SA [REDACTED], no later than 8/30/68.

In connection with activity at Champaign, Illinois, which has been furnished to Bureau under Springfield teletypes beginning 10-17-67 and continuing through 10-24-68 under caption "CAMPUS DEMONSTRATIONS, OCTOBER 21-27, 1968. Included on the program is a speech Friday, 10-25-68 by [redacted] who has violated the travel ban to North Vietnam, and a speech scheduled for Sunday, 10-27-68 by ELDRIDGE CLEAVER of the Black Panther Movement who is presidential candidate of the Peace and Freedom Party.

Attached is an excerpt from the testimony given by JOHN EDGAR HOOVER, Director, Federal Bureau of Investigation, before the House Subcommittee on Appropriations on February 23, 1968. This document concerns the STUDENTS FOR A DEMOCRATIC SOCIETY (SDS) and the W. E. B. DU BOIS CLUBS OF AMERICA.

STUDENTS FOR A DEMOCRATIC SOCIETY

The new left student movement in this country has so captured the attention of the Nation in the past several years as to merit hundreds of articles in the news media and to initiate a broad range of speculation about its future role in our country.

It is many-sided. It is political theory, sociology, and bitter protest. It is linked with civil rights, the fight against poverty, the American war in Vietnam. It involves students, faculty members, writers, intellectuals, beatniks, most of them being quite young. The mood of this movement, which is best typified by its primary spokesman, the Students for a Democratic Society, is a mood of disillusionment, pessimism, and alienation. At the center of the movement is an almost passionate desire to destroy, to annihilate, to tear down. If anything definite can be said about the Students for a Democratic Society, it is that it can be called anarchistic.

A national leader of the Students for a Democratic Society during the summer of 1967 claimed a membership of 30,000 for the organization. "New Left Notes," a weekly publication of Students for a Democratic Society, in its issue dated June 26, 1967, stated there was a recorded membership of 6,371 with a total of nearly 250 chapters, mostly on college campuses. Of the 6,371 members, only 875 had paid dues since January 1, 1967. The organization is infiltrated by Communist Party members and Party Leader Gus Hall has described the organization as part of the "responsible left" which the party has "going for us."

In late June 1967, the Students for a Democratic Society held its national convention on the campus of the University of Michigan, Ann Arbor, Mich. In continuance of past programs, the organization called for acts of civil disobedience when necessary. It called for continued demonstrations against U.S. policy in Vietnam, radicalizing the student power movement by connecting it with radical off-campus issues, and the taking over of the colleges and universities by the students.

The Students for a Democratic Society is opposed to conscription in any form and if it has any one program at this time, it is draft resistance. It called for the formation of antidraft unions and the utilization of such tactics as disrupting the Selective Service System apparatus by demonstrations and civil disobedience. It advocated agitation by those men in uniform and urged members of the armed services to desert and go "underground."

In keeping with its past course of action and to put into practice its programs that were outlined at the 1967 national convention, the Students for a Democratic Society has seized upon every opportunity to foment discord among the youth of this country.

Student dissent and behavior are not what really concern perceptive citizens today. Student unrest and dissatisfaction have been erupting through the centuries and dissent is an integral part of our American way of life. What is of concern in the new left movement is its alienation from our democratic thought, processes, and ideals; the open hostility of these students to law and order, to civilized behavior and the concept of liberty under law.

The new left identifies itself with the problems of American society, such as civil rights, poverty, disease, and slums. With its anarchistic

bent, however, it refuses to cooperate sincerely with other groups interested in eradicating these same problems, and despite the new leftist's protestations of sincerity, he is not legitimately interested in bringing about a better nation. On the contrary, he is dedicated—in his bizarre and unpredictable ways—to cut the taproots of American society.

The new left should not be arbitrarily equated with the traditional old-line left. Although they become prey to the superior organizational ability and talents of the old-line subversive organizations, such as the Communist Party-U.S.A., the Socialist Workers Party, and the like, to simply identify them as Moscow or Peking Communists would be missing the point. To put it bluntly, they are a new type of subversive and their danger is great. In a population which is becoming increasingly youthful, the new left can be expected to find wider fields of endeavor and to try to do all that it can to infect the rising generation with its anti-American prattle.

W. E. B. DUBOIS CLUBS OF AMERICA

Since it was organized in June 1964, the W. E. B. DuBois Clubs of America has been the Communist Party's main spokesman to the youth of our Nation. This Communist front continues to receive practically all of its financial support from the Communist Party. Many of the organization's members have "gone up" to membership in the party; however, they still work closely with the DuBois Clubs to carry out programs and activities which are initiated by the party.

The DuBois Clubs, because it is made up of young Communists, has been utilized by the Communist Party to work with the new left movement, particularly on the campus, and influence it toward its line of thinking. This organization, hand in hand with the primary spokesman of the new left, the Students for a Democratic Society, has encouraged youth to resist the draft and subject the Selective Service System to harassment and agitation.

SUBJECT: COINTELPRO - NEW LEFT

In connection with COINTELPRO matter, Supervisor BOB PUTNAM of the Domestic Intelligence Division was contacted 12/18/68. At this time, SA PUTNAM advised the Research Satellite Section is currently getting material ready regarding the New Left and the various militants who have appeared on the campus scene and made themselves known regarding various national issues. He stated material is being prepared for the use of Agent personnel to enable them to recognize and understand elements of the New Left when and if they appear in the various field divisions. He stated this is also being made available for counter-intelligence purposes and if we wished this type of material an appropriate letter should be submitted indicating we wish material for the use of our contacts on college campuses and for the use of Agent personnel.

b6
b7C

SA PUTNAM observed further that the New Left is popping up everywhere and that divisions which formerly had little or no security work are suddenly finding themselves confronted with full scale security reporting problems.

SA should survey our need for this type information and prepare an appropriate letter to the Bureau.

Developments in case on [REDACTED] (SI 25-13528) suggest this case may have potential for implementation of captioned program. Writer suggests anonymous letter to local press in Champaign-Urbana, including "Daily Illini", text of which might be as follows:

" Open Letter to Brothers Steve Schmidt, Vic Berkey, et al:

" I read with interest in a recent issue of that journalistic garbage disposal called 'Walrus' your claims on draft card turn-ins on November 14th. Your figure of 4 certainly indicates that you are operating at a veritable fever pitch of revolutionary fervor. Of course, in good conscience, you should revise these figures downward to 3 to exclude that arch-revolutionary, Lynn Laurie. Rumor has it down Belleville, Illinois way that he slithered into his draft board and asked for and received duplicate cards claiming he had lost his originals. Stout fellow, old Lynn, when it comes to a real confrontation with the establishment he showed his true colors as one of your ablest supporters.

You know, that old tiger, Lynn, is vaguely reminiscent of that combat hardened Marine Corps veteran of the war in Vietnam you fellows trotted out last year at one of your anti-war demonstrations on campus. I seem to recall that he turned out to be a state-side commando with 6 months duty only in this country and, more importantly, was given the old heave-ho by the Marine Corps because he was a switch-hitter. Guess he was one guy who would rather switch than fight. You guys sure can pick 'em. Are you sure these characters aren't being selected for you by YSA? Better check and be sure. Brothers Mike Hanagan and George Kontanis may be using this as a tactic to do you in. Be this as it may, let me encourage you to keep up the good work because you have nothing to lose but your chains. I sure was relieved to hear that Vic was sprung finally from the clutches of those Panthers. We'd hate to lose him because he's always good for a laugh and besides he's already in Selective Service sanctuary due to his age. Makes it easy for him to be in the revolutionary forefront of things. Right, Vic? Yours for a better ~~tomorrow~~ tomorrow.

The Teen Scene

When Robert Pierson, the Cook County law enforcement officer who infiltrated the militants at the Chicago convention upheaval spoke at Bradley-Bourbonnais High School recently he warned high school students everywhere to be cautious about the groups they join to avoid affiliating with subversive groups. He emphasized they should be especially cautious when they go off to college.

This week the Federal Bureau of Investigation passed along to Youth Beat some views FBI director J. Edgar Hoover has made about two organizations. The FBI feels teenagers should be informed about these two. Here's what Hoover has to say:

"The new left student movement in this country is many-sided. It is political theory, sociology, and bitter protest. It is linked with civil rights, the fight against poverty, the American war in Vietnam. It involves students, faculty members, writers, intellectuals, beatniks, most of them being quite young. The mood of this movement, which is best typified by its primary spokesman, the Students for a Democratic Society, is a mood of disillusionment, pessimism, and alienation. At the center of the movement is an almost passionate desire to destroy, to annihilate, to tear down. If anything definite can be said about the Students for a Democratic Society, it is that it can be called anarchistic.

"A national leader of the SDS during 1967 claimed a membership of 30,000 for the organization. PUBLICATIONS

(Bufile 100-446997-72)

1. University of Illinois
Champaign-Urbana, Illinois

a. "Walrus"

On February 25, 1969, SI T-7 advised that the "Walrus" is put out by an organization at the University of Illinois known as "The People" which is an organization which has been granted University recognition by the Graduate College. Issues of this publication are sold on campus for 15¢ each and this constitutes the principal source of funds. A small amount of money is raised through advertising and donations. The publication presents the "New Left" point of view and its articles, which are often bordering on the obscene, are critical of the University administration, law enforcement, and alleged racism at the University. It supports the anti-war and anti-Selective Service movement and is, in general, "anti-Establishment" in tone. The editorial staff is constantly changing as different people and organizations take the responsibility for its publication and content. SDS, PFP, YSA and UICEWV and other dissident elements on campus use it as an outlet for expression of their views. The publication is not under the exclusive control of any of these groups. However, "The People" is chaired by JOHN LOMBARDO, a member of SDS, and VIC BERKEY, head of SDS at the University of Illinois, probably exerts as much influence on the publication as anyone when he chooses to do so. Also wielding considerable influence on the publication is VERN FEIN, a graduate student at the University, who is a member of SDS. According to SI T-7, FEIN is a teaching assistant in English at the University and also serves as faculty advisor for SDS.

SI T-7 reported that "Walrus" is not published at regular intervals due to a shortage of funds and an issue is put out only when those publishing it have enough money to pay the printer. According to SI T-7, the publication is in a completely disorganized state at present and it is a matter of pure speculation as to when another issue will be forthcoming.

SI T-7 reported that work on the various issues is done on campus in the offices of Student Senate; at 1312 West Main Street, Urbana, Illinois, the local headquarters of PFP, and at the "Red Herring", a coffee house located at

SI 100-11185

Channing-Murray Foundation, 1209 West Oregon Street, Urbana, Illinois. Each issue is pasted up in column form, including the art work, and the entire format is set up in final form for reproduction by what SI T-7 was certain was the offset printing process. Each issue, when ready to go to press, is sent by bus to the printer and within a few days, arrives back in Champaign-Urbana by bus ready for distribution and sale.

On March 13, 1969, Mr. GLENN HANSON, owner, Rantoul Press, Incorporated, 1332 Harmon Drive, Rantoul, Illinois, advised that his firm was approached to print "Walrus" but he insisted on editing each issue and his request was denied. Accordingly, he refused to print it. HANSON advised that "Walrus" is printed by KEN STEVENS, owner of Stevens Publishing Company, Astoria, Illinois, telephone number, Area Code 309-329-2731. HANSON said he determined through a telephone conversation with STEVENS, on March 12, 1969, that STEVENS continues to print this publication.

2. Bradley University. (BU)
Peoria, Illinois

a. "Nexus"

There has only been one issue of "Nexus" published during the current school year, 1968-69, at Bradley University. This issue was published on February 13, 1969. The editorial staff was not listed; however, the paper contained the following information concerning the paper:

"'Nexus' is published bi-weekly or semi-weekly or at least from time to time for the Bradley campus and the Peoria community by an innocuous staff of left-wing radicals and cultural dropouts.

"Donations of 10¢ per copy are accepted (accepted is, of course, a euphemism for expected).

"If you would like to contribute an article to a forthcoming issue of the 'Nexus', send your contribution (original & signed) to:

"Box 3510
"Glen Station
"Peoria, Ill."

SI 100-11185

In addition to the above, the following publications are distributed at the universities indicated:

1. University of Illinois
Champaign-Urbana, Illinois

"The Militant" is published by "The Militant" Publishing Association, 873 Broadway, New York. This paper is sold by YSA members at the University Student Union for 15¢ a copy.

2. Illinois State University (ISU)
Normal, Illinois

"The Kaleidoscope" is published by "The Kaleidoscope" Publishing Company, 1876 North Sheffield, Chicago, Illinois.

This paper is sold by PFP and SDS members on campus for a price of 25¢ a copy.

RACE RELATIONS
(Bufile 100-446997-75)

1. University of Illinois
Champaign-Urbana, Illinois

The January 14, 1969, issue of the "Courier"; a Champaign-Urbana, Illinois, daily newspaper, reported that University of Illinois officials apparently will examine events surrounding the visit of three members of the Illinois Black Panther Party (BPP), January 10-11, 1969, to see if campus space use regulations were violated.

The article stated that, according to ROBERT W. EVANS, Director of Public Information, University of Illinois, arrangements for the use of the meeting room on January 10-11, 1969, were apparently made by the University of Illinois Chapter of SDS. EVANS was also quoted as saying that VIC BERKEY, SDS President, had made the reservation for a public lecture by BOBBY LEE RUSH, Illinois Panthers Deputy Minister of Defense, and FRED HAMPTON, Deputy State Chairman, of the BPP from Chicago, Illinois.

The article further stated that, according to BERKEY, the event was arranged in close sponsorship with the Black Students Alliance (BSA) although SDS issued the official invitation.

The BPP and BSA are militant Negro organizations with the purpose of furthering Negro community life by the use of force and violence.

POLITICAL ACTIVITIES
(Bufile 100-446997-76)

1. University of Illinois
Champaign-Urbana, Illinois

PFP

The March 22, 1969, issue of the "Courier", a daily newspaper of the Champaign-Urbana, Illinois, area, contained an article which stated that the Campus Peace and Freedom Party passed a resolution Thursday calling for opposition by University of Illinois students, faculty and staff to a bill in the Illinois legislature that the PFP says would cause closing of the Illini Union Paperback Book Center if passed.

"We recommended that the students and faculty consider appropriate actions to prevent the implementation of this law," the PFP said, adding, "Possibilities are a boycott of local private book dealers."

The bill, Senate Bill 112, "was the result of a lobby by private book dealers to eliminate competition," the PFP charged.

The measure would prohibit public institutions of higher education from selling "tangible personal property," but would exempt items such as textbooks and other academic supplies.

The PFP also suggested groups like the Graduate Student Association, Student Senate and other concerned students and faculty, acting either as organizations or individuals, "could organize a co-operative bookstore which would operate on a non-profit basis."

"In the meantime, all students and faculty are urged to order directly from publishers, or deal only with university owned bookstores."

SOCIAL REFORM
(Bufile 100-446997079)

1. Illinois State University (ISU)
Normal, Illinois

On March 3, 1969, SI T-11 advised that the ISU SDS and PFP organizations on February 28, 1969, picketed the President's Commission on Low Income Maintenance at the YWCA, Bloomington, Illinois. Signs were carried by picketers stating, "Jobs not talk," "Jobs now," "Jobs for all," "Jobs not commissions," and "Act now." Source stated there were approximately 8 to 10 individuals participating in the picketing and the leaders were very disappointed at the response that the picketers received and the participation by members of the organizations.

PEACE AND FREEDOM PARTY (PFP)

On August 28, 1968, Springfield confidential informant SI T-2 advised that Illinois PFP was organized in approximately May, 1968, with state headquarters reportedly located in Champaign-Urbana, Illinois. The Illinois organization was modeled after the California party of the same name and was organized locally by representatives of PFP from California. The organization advocates immediate, unilateral withdrawal of American troops from Vietnam, freedom for oppressed peoples, including Negroes, Indians and Mexican-Americans, disarmament, abolition of military conscription, and disbanding of police forces as they currently exist.

According to SI T-2, efforts were being made to get PFP on the Illinois ballot for the November, 1968, elections. SI T-2 related that the organization has attracted a reasonably wide following from various local peace groups, including SDS, the latter organization having become inactive at the University of Illinois during the summer months of 1968.

A P P E N D I X

YOUNG SOCIALIST ALLIANCE

The May, 1960, issue of the "Young Socialist" (YS), Page 1, Column 3, disclosed that during April 15-17, 1960, a national organization entitled "The Young Socialist Alliance" (YSA) was established at Philadelphia, Pennsylvania. This issue stated that this organization was formed by the nationwide supporter clubs of the publication YS.

The above issue, page 6, set forth the Founding Declaration of the YSA. This declaration stated that the YSA recognized the Socialist Workers Party (SWP) as the only existing political leadership on class struggle principles, and that the supporters of the YS have come into basic political solidarity with the SWP on the principles of revolutionary socialism.

On March 10, 1967, a source advised that the YSA was formed during 1957, by youth of various left socialist tendencies, particularly members and followers of the SWP. The source further advised that the YSA has recently become more open about admitting that it is the youth group of the SWP and that an SWP representative has publicly stated that the YSA is the SWP's youth group.

The National Headquarters of the YSA are located in Room 532-536, 41 Union Square West, New York City.

On October 31, 1967, a second source advised that at the 22nd National Convention of the SWP held in New York City from October 26, 1967, to October 29, 1967, it was stated that the YSA remained as the main recruiting ground for new SWP members.

The SWP has been designated pursuant to Executive Order 10450.

TO END THE WAR IN VIETNAM (UICEWV)

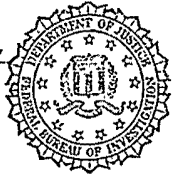

On February 6, 1967, Springfield confidential informant SI T-1 advised that UICEWV, effective January 23, 1967, petitioned the University of Illinois for official recognition as a campus organization. It claimed no affiliation with a national group and its stated purpose is as follows:

"The UICEWV seeks to unite all those on campus opposed to the illegal, immoral and unjust Vietnamese War for the purpose of educating others on the nature of the conflict and carrying on an active opposition to the war."

According to SI T-1, UICEWV is under the domination and control of leaders of YSA at the University of Illinois.

NEW LEFT MOVEMENT

Re Bureau letter to all Offices dated 5/10/68.

The referenced communication states in part that the purpose of this program is to expose, disrupt, and otherwise neutralize the activities of the various New Left organizations, their leadership and adherents. It is imperative that the activities of these groups be followed on a continuous basis so we may take advantage of all opportunities for counterintelligence and also inspire action in instances where circumstances warrant. The devious maneuvers and duplicity of these activists must be exposed to public scrutiny through the cooperation of reliable news media sources, both locally and at the Seat of Government. We must frustrate every effort of these groups and individuals to consolidate their forces or to recruit new or youthful adherents. In every instance, consideration should be given to disrupting the organized activity of these groups and no opportunity should be missed to capitalize upon organizational and personal conflicts of their leadership.

This Office is required to submit a report to the Bureau quarterly, the next being due October 1, 1969. In view of the fact that most of these groups have been inactive during the summer, it is expected they will resume full activity immediately after the beginning of the new school year. The Bureau will very likely request this report before October 1, 1969, probably the end of September. Therefore, each investigative Agent has a responsibility to call to the attention of the counterintelligence coordinators suggestions and possibilities for implementing the program and suggesting new methods of anonymously disrupting and damaging the influences that these groups have. Every avenue of possible embarrassment

Re memo of SA [REDACTED], dated 8/26/69.

The referenced communication states in part that the purpose of this program is to expose, disrupt, and otherwise neutralize the activities of the various New Left organizations, their leadership and adherents.

Recently the New Left Movement has shown signs of factionalization among the leaders and likewise their followers. Leaders and members of these groups are very often users of narcotics and loose, morally.

The combination of the above traits presents a high potential for effective counterintelligence action and should be vigorously explored.

Counterintelligence actions against the New Left within this Division has in the past consisted of furnishing literature to established sources. Although this has been effective, it has not achieved the desired results of neutralization and disruption. A new and more imaginative approach is needed.

All Agents are requested to give some thought to this program and make suggestions by routing slip, directed to the attention of SA [REDACTED], who is coordinating this matter at Headquarters.

In connection with the captioned matters, the Bureau may desire to consider the dissemination of appropriate material relative to these groups to U. S. Congressman THOMAS F. RAILSBACK, 19th Congressional District, Rock Island, Illinois.

Congressman RAILSBACK has been a close friend of the FBI at Rock Island, Illinois, a long-time admirer of the Director, as well as a strong advocate of law enforcement measures in Congress favorable to law enforcement. He is considered a conservative and represents a strongly conservative constituency in the 19th Congressional District.

Dismissal stirs controversy

News background

By Margaret Ann Niceley
Of The Southern Illinoisan
Southern Illinois University's
board of trustees voted Friday
to terminate the appointment
of philosophy instructor Douglas
Allen because of his public crit-

icism of the university, accord-
ing to chairman of the board
Lindell W. Sturgis of Metropolis.
The 3-1 vote to terminate Al-

len's contract in June, 1971,
elicited a flurry of controversy
on the Carbondale campus, in-
cluding threats of some faculty
members to form a teachers'
union and close the university
if the decision is not reversed.

Sturgis said Friday night,
"Mr. Allen has criticized the
university and the public knows
it. The board felt it was to
the best interests of the univer-
sity not to have people of that
calibre on the faculty. If Mr.
Allen is unhappy at the univer-
sity, we see no reason why he
should want to stay and teach
there."

The action of the board ap-
parently means that Allen will
not be teaching at SIU after
June, 1971, unless the board
takes further action. Trustee
Martin Van Brown of Carbon-
dale said at the board meeting
his motion on Allen's contract
definitely advocated its termi-
nation.

Ivan A. Elliott Jr. of Carmi,
who cast the only negative vote
on the resolution, said he did
not feel the motion implied that
the contract would definitely not
be renewed after June. He said
Allen simply has no assurance
that another contract will or
will not be offered when this
one expires.

F. Guy Hitt of Benton said
he would not speak for the board
on the action.

Allen also has declined public

comment at this time on
grounds that what happens in
his case is not an individual
matter but one which will affect
a large number of faculty mem-
bers and others at SIU.

Allen's criticisms of the uni-
versity as referred to by Sturgis
are apparently comments he
has made in the last 16 months
on the Center for Vietnamese

Studies at SIU. He has stated
both on the campus and at meet-
ings elsewhere across the coun-
try that he objects to funding
of the center through a \$1 mil-
lion grant from the U.S. Agency
for International Development.

believing such funding leaves
the university open to technical
assistance and possible compli-
city with American military ef-
forts in Vietnam.

Allen has also severely ques-
tioned academic competence, in-
tegrity and ethics of some ad-
ministrators and other univer-
sity personnel involved with the
center or supporting it.

His previous contracts with
the university were on condition
that he complete a doctoral dis-
sertation, final requirement for
his Ph.D. Allen said he is work-
ing closely with religious phi-
losopher Mircea Eleiade at the
University of Chicago on the
dissertation and is presently
working on the final chapter.
The board's revision makes his
present contract a "term" —
temporary — document with no
"continuance clause."

The type of appointment Al-
len should receive has been in
question since August, at which
time his department faculty
unanimously voted that he
should remain at SIU under the
conditional contract, which
would provide that he complete
the dissertation within a year.
Chancellor Robert G. Layer said

this recommendation was
brought by him before the board
of trustees in an executive ses-
sion in September, when the
board declined to act.

According to Layer, since no
public action was taken as re-
quired by law, he acted on ad-
vice of the university's legal
counsel and exercised his chan-
cellor's prerogative to offer Al-
len a contract, which would
stand unless revoked or altered
by the board of trustees. Layer
said he offered the contract pri-
marily out of concern that Al-
len's classes, already scheduled
and filled, have a teacher.

That is the contract acted on
by the board Friday, he said.

Layer confirmed reports that
Allen and his department chair-
man, Willis Moore, were present
at the executive session of the
board Thursday night, waiting
outside some five hours. Layer
said he asked the trustees two
or three times if they would
listen to Allen and Moore on
the issue, and the trustees de-
clined.

A number of Allen's col-
leagues, also contacted Friday
night, said they would stand
by the department's earlier res-
olution on the matter. Several
said they would question the
board's revision of a contract
in the middle of term. Two
— Matthew Kelly and Michael
Audi, assistant professors —
termed the action of the board
"outrageous, contemptible and
intolerable." They advocated
formation of a teacher's union
to "close the university down"
if the board intended to exer-

cise "repression" on faculty members.

"If the board of trustees think they can act in this arbitrary way with faculty members," Kelly said, "the only recourse we have is to move toward a unionization of our members and meet their power with power of our own. If they don't reverse their action, we'll try to close the place down."

The university has been closed once this year — in May after a week of campus unrest and violence.

Only one of Allen's colleagues contacted indicated sympathy with the board's action. Consensus among those making statements appeared to be less a support of Allen's views than a general fear that the move might indicate similar retaliation against other faculty members stating opinions contrary to the trustees' and administration's.

Lyman Baker, university representative of the American Civil Liberties Union, said the ACLU's Chicago office had indicated earlier that Allen's case wouldn't be taken to court. Baker said he will contact ACLU lawyers again to see if the board's action changes that opinion.

Baker, who is also an English instructor, said he personally feels Allen's rights under the constitution have been violated, and that the board has "served notice that they would prefer the younger faculty members—namely those who are likely to be on term appointments—to stick their heads in the sand if they see something going on around them they don't like."

He also questioned whether an executive session is necessary on personnel matters in-

Douglas Allen

volving an individual who is willing for the proceedings to be public.

Charles G. Stalon, campus president of the American Association of University Professors, said the AAUP does not take a public stand on individual cases until the individual has given his approval. He said a meeting is expected with Allen, probably next week, to see if such approval is forthcoming.

Allen is out of town this weekend, speaking on the Vietnamese Center at the University of Indiana in Bloomington.

Thomas P. Scherschel of Glen Ellyn, student body president, said he personally is backing Allen and his right to speak his convictions, as long as Allen continues not to advocate violence. He said the board's action said, in effect, "Doug, we disagree with you politically," and "Big Brother is keeping an eye on you."

Scherschel said his views are shared by his vice president, John W. McCaffrey of Wilmette, and their administrative assistants, Tom Bevirt and Nick Fera of Carbondale.

Three students present at the board of trustees meeting Friday also indicated displeasure with the board's action.

As in the past, the individuals contacted in this investigation furnished information on one or more of the subjects; therefore, it was felt that one memorandum would best report this information in file. (U) It is noted that information from [] indicated that "upstate" CP members were thinking about attempting to organize a CP chapter in the Danville, Illinois area. Based upon this information, investigation was initiated to determine whether the CP chapter would begin and possible individuals involved. Investigation disclosed that CP members held a meeting at 1112 W. Main Street, Danville, Illinois, which is known as the "Community Defense Coalition" and is known to be a "hippy hangout" and a place for youngsters to meet and discuss politics. Personal observation by Bureau Agents at this address revealed that there was only one table and several chairs in this store front operation. (S)

As indicated in previous information in file, there has been no indication that a definite attempt have been made to organize this CP chapter in Danville, and there has been no demonstrations, racial instances, or civil disobedience of any type in Danville, specifically on W. Main Street.

The most recent contact with Chief of Police WILLIAM O. BRAY on 3/17/71 further substantiated that the Community Defense Coalition was a hangout for youths and that the youths who frequent this store front operation have not caused any disturbances of any kind and the police have not had to respond to any situations. BRAY had received no indication of any kind of subversive group or organization having been to the Community Defense Coalition of late in an attempt to establish an organization or plan any marches, demonstrations, or any type of protests.

On 3/22/71 Sheriff JACK CLARK, Vermilion County, Danville, Illinois, furnished substantially the same information as BRAY in that the Community Defense Coalition at 1112 W. Main Street, had not caused his department any problems and that this establishment is frequented by youths to discuss politics and community matters.

On 3/16/71 [redacted] Danville, Illinois, advised that [redacted] in Danville, for the Danville PD, and advised that he had developed no definite information that the Community Defense Coalition was involved in any violation of narcotic matters. [redacted] said that [redacted] and [redacted] had moved from their Rural residence, Oakwood, Illinois, and that they are now residing with [redacted] Illinois. [redacted] said that [redacted] and [redacted] had not caused any problems and knew of no proposed activity on their part.

Additionally, [redacted] advised that [redacted] no longer frequents the Community Defense Coalition and stated that [redacted] is employed at [redacted] Illinois, and resides [redacted] south of Danville. According to [redacted], [redacted] appears to be a clean cut individual who is not engaged in any activities which would be considered subversive or in which [redacted] name could have been brought to the PD's attention.

[redacted] stated that [redacted] continues to attend Danville High School and advised [redacted] name had never come to [redacted] attention as being a troublemaker, organizer, or in any way connected with any activities which might be investigated by the PD.

[redacted] advised that [redacted] continues to reside at [redacted] Illinois. She is [redacted] that [redacted] does not frequent the Community Defense Coalition and he had learned that [redacted] had told her [redacted] that she had been to Cuba as a member of the Venceremos Brigade, Cuba, and [redacted] said

(U) Regarding individual cases as mentioned in copy count, because [] and [] have not been active in any activities in Danville, it is recommended that cases on these individuals be closed. Also, since the Community Defense Coalition is not creating any problems to the Local Police or SO, and the fact that this is merely a gathering place for youth, it is recommended that case be closed. Should Chicago informant [] develop any information that a CP chapter is anticipated in Danville, appropriate investigation will be initiated and inquiry immediately made at the Community Defense Coalition to determine if this might be the gathering place for such a proposed meeting. paper is instructed to review it to insure all copies of the documents listed as classified at HQ are classified in the same manner in the respective field office program file. In each instance where a document has been classified in the HQ file, it will be necessary that the same classification, number of classifying officer, exemption category and date classified be noted on the field office original or copy of the communication. In every instance, the date of declassification will be indicated as "Indefinite."

In instances where the information set forth in the enclosed work paper is not clear, or set forth in a manner which does not permit location of the field office document to be classified, HQ should be advised and further information will be forwarded. All correspondence concerning this matter should, if possible, contain the number of the work paper page(s) (located at center top) in question.

In connection with this classification project, you should refer to the Manual of Rules and Regulations, Part II, Section 4, pages 53-57b, for instructions relating to classification procedures. Any questions regarding classification matters should be directed to FBIHQ, attention: Classification Officer.

In addition to classifying documents in field office files which have already been classified at HQ, it will be incumbent upon each recipient having a Cointelpro-Espionage file to review it to insure all other documents which are classifiable are appropriately classified. This

In instances where another office has been furnished copies of a document, it is the responsibility of the originating office to furnish all recipients (excluding FBIHQ) sufficient information so they may classify their copies of the document in the same manner as the originator. Recipients should review indices to insure any classifiable Cointelpro-Espionage material in their files is classified.

In classifying a document on a retroactive basis, bear in mind it is necessary to include the date the document was classified at FBIHQ, and the date the classification is actually affixed if classified in the field.

You will note the enclosed work papers indicate other FBIHQ files which contain copies of documents which appear in this program file, which also must be classified. FBIHQ is undertaking this classification. It will be incumbent upon each recipient to insure all copies of documents classified in its program file are also appropriately classified if they appear in any of its other office files.

This project must be handled on an expeditious basis and be completed by 1/28/75. Insure sufficient personnel are assigned to meet this deadline. On or before 1/28/75 FBIHQ must be advised by each recipient of the completion of the project. Any problems relating to this project should be expeditiously furnished FBIHQ together with appropriate recommendations.

Re: New Left
Counterintelligence Program
100-449698

In classifying a document on a retroactive basis, bear in mind it is necessary to include the date the document was classified at FBIHQ, and the date the classification is actually affixed if classified in the field.

You will note the enclosed work papers indicate other FBIHQ files which contain copies of documents which appear in this program file, which also must be classified. FBIHQ is undertaking this classification. It will be incumbent upon each recipient to insure all copies of documents classified in its program file are also appropriately classified if they appear in any of its other office files.

This project must be handled on an expeditious basis and be completed by 1/24/75. Insure sufficient personnel are assigned to meet this deadline. On or before 1/24/75 FBIHQ must be advised by each recipient of the completion of the project. Any problems relating to this project should be expeditiously furnished FBIHQ together with appropriate recommendations.

FBI try at smearing co-ed bared

By MICHAEL ISIKOFF
Capitol Hill News Service

The parents of an Illinois State University co-ed received an anonymous — and disturbing — letter seven years ago.

The letter was about their daughter. It told how the girl was living in a house with an older man, who was an ex-convict. The man's wife lived downstairs. The author purported to tell how her own daughter had been in similar circumstances and ended up living a life of drugs and prostitution.

The letter appeared to be from a concerned parent.

It was actually written by the Springfield Field Office of the Federal Bureau of Investigation (FBI) as part of a wide-ranging campaign to harass, intimidate, and discredit campus radicals during the late 1960's and early 1970's.

Previously classified documents about the campaign — known as the Counter-intelligence program (Cointelpro) — were released this week under the Freedom of Information Act. The documents show that through its Springfield Field Office the FBI closely monitored "new left" activity on downstate campuses including Illinois State at Normal, the University of Illinois at Champaign-Urbana, Southern Illinois University at Carbondale, and others.

WHILE RADICAL ACTIVITIES on these campuses may not have been as widespread as elsewhere in the country, the documents show the FBI nonetheless kept close tabs on any students who were involved and sent information it did learn to the U.S. Attorney's Office in Springfield, Air Force Intelligence at Chanute Air Force Base, military intelligence in Evanston, and other government agencies, including FBI headquarters in Washington.

At Champaign-Urbana, for instance, the Springfield office supplied these agencies with detailed accounts on "the ring leaders" of four student groups: Students for a Democratic Society (SDS), the University of Illinois Committee to End the War in Vietnam, the Young Socialists for Halstead-Boutelle, and the Champaign-Urbana Draft Resistance Union.

In a then-classified report entitled "New Left Activity, University of Illinois, Champaign-Urbana," dated July, 1968, the FBI related personal backgrounds, physical descriptions, academic interests and campus political activities of student leaders of these groups.

ALL NAMES HAVE BEEN DELETED from the released documents.

left-wing activity by seeking out student informants, disturbing anti-new left material to "friendly" news media and school administrators and, in one instance at SIU in Carbondale, making plans to inform the school's Board of Trustees about supposed links between campus radicals and communists.

Also included in the bureau's plans, according to the documents, was a proposal to make "pretext calls" on members of the New Left who are "obviously of weak character" advising them that group leaders are law enforcement informants.

Another proposal was to "conduct neighborhood investigations" of new left leaders. "During interviews, the question of the (individual's) personal loyalty to the United States Government and his attitude toward Communism could be interjected causing doubt and unrest" in the minds of his neighbors, one document states.

How many of these proposals were actually carried out is unclear from the documents. They have been heavily censored and may have been deleted entirely. The nature of the campaign is illustrated by the letter sent to the parents of the Illinois State co-ed at Normal.

ACCORDING TO 1970 documents sent directly to the late FBI Director J. Edgar

Hoover, the student was a member of the "SDS (Weatherman)" and was living in "an illicit relationship" with a man.

"Discreet checks" revealed that the student's parents were "reputable citizens with good reputations and live in an upper middle-class neighborhood." The father is "very strict concerning personal reputation and relations."

The Springfield Office suggested that an anonymous letter to the parents describing the student's lifestyle could achieve the desired result of "harassment and neutralization" of the student in her SDS group. The Bureau also hoped her parents would require her to quit the school and give up SDS.

A copy of the handwritten letter, purporting to be from a concerned parent who had been through the same experience with her daughter, was sent to Hoover. The Director approved the mailing, cautioned only that "all necessary steps are to be taken to protect the identity of the Bureau as the source."

A June 30, 1970 memo from Springfield to Hoover — one of a regular series on the Cointelpro — reports under "tangible results" that the letter was, in fact, sent. It went on to say that the student had moved from her previous residence and dropped out of the university. "The role the letter may have played in this action is unknown at present," the memo states.

Rep. Tom Railsback

By Mike Briggs
of the Times

Rep. Tom Railsback, R-Ill., said Saturday he knows nothing about an FBI memo which reportedly suggested he be used to help spread derogatory information about radicals.

The St. Louis Post-Dispatch has reported the memo was written by the Springfield, Ill., FBI office on March 23, 1970.

Railsback, reached at his Moline home, said he was not used as a conduit by the FBI and was never asked to take part in such a scheme. He said he was not aware of the memo until a reporter questioned him

about it last week.

"I DIDN'T know anything about the whole doggone thing," Railsback said. "It really came out of nowhere. The whole thing is just unbelievable."

The memo was contained in 52,600 pages of FBI documents concerning "Cointelpro," a counterintelligence program designed to disrupt militant left-wing organizations. The Post-Dispatch and other news organizations received the documents last week after applying for them under the Freedom of Information Act.

The memo reportedly described

Railsback as "a close friend of the FBI" and "a conservative in political philosophy" who advocates strong law enforcement measures in Congress.

The Post-Dispatch said the memo also mentioned a Railsback aide whose name was deleted from the documents.

THE NEWSPAPER said the aide was apparently Ben Polk.

Polk, now a Republican member of the Illinois House of Representatives from Moline, was Railsback's district office manager at the time.

The memo reportedly discussed "the dissemination of appropriate

material" about black militants and the New Left, and said Railsback and the aide "would be excellent outlets for material of this nature."

A subsequent directive from FBI headquarters said Railsback should not be deluged with derogatory general information about radical movements, but added he "could be useful by furnishing support as specific problems arise," the Post-Dispatch reported.

POLK DENIED any involvement in the FBI scheme. When questioned about the report, he grinned and asked, "Do I look like an undercover, cloak-and-dagger type?"

Railsback said there was no need

to disrupt militant radicals in the Quad-Cities because there weren't any. "I didn't have any radicals in my district. We didn't have anything like that."

He said he would not have approved the FBI suggestion if he had known of it. "I don't think it is proper at all to use people in that kind of manner, but what was the end result?" Railsback asked.

"I think they thought we were supportive, law-abiding, strong law and order people. I don't mind that. I am not at all ashamed of the fact I'm a supporter of the FBI."

Robert Wickwire, who was the senior FBI agent at Rock Island in 1970, said Saturday he had not heard about the Railsback memo until last week when a reporter asked about it.

"IF ANYBODY had ever sent anything to me to go in and talk to Tom Railsback, I don't understand what good it would have done," Wickwire said. "Where would he disseminate it (the information)?"

Wickwire, who worked 28 years for the bureau, is now an investigator for the state's attorney in Rock Island County.

He said people do not remember the situation in the country was different in the late 1960s and early 70s from today.

"The times were different when they had the New Left and they were planning bombings of buildings," he said.

Wickwire said "high officials in the Department of Justice" had instructed the FBI to "stop these people in the New Left and mainly the bombings."

THE BUREAU'S work was appreciated at the time, he said. "Now the Vietnam War is over and everybody is criticizing it. Do they ever say anything when they do a good job? All they do is tear it down," he added.

Railsback said many FBI activities were not known until recently.

"As a result of my Watergate experience, I called for a number of steps to be taken designed to improve congressional oversight and monitoring of sensitive agencies of government," he said.

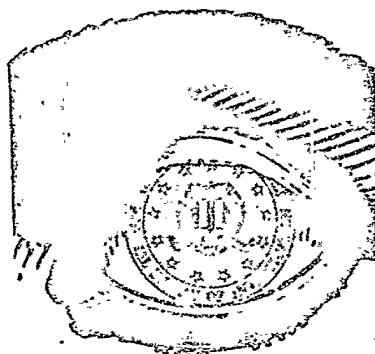

"Up until that time it was really like a very closed-mouth, secretive, small cadre of members of Congress that had any knowledge at all of the secret activities the FBI and CIA were engaged in.

"They were kind of sacrosanct. Everything was hidden under the guise of national security. Now everything is subject to examination and questioning and I think that is good," Railsback said.

2 How the Springfield office

handled their part of "Cointelpro"
by Michael Isikoff

The documents show that through its Springfield Field Office the FBI closely monitored "new left" activity on downstate campuses including Illinois State at Normal, the University of Illinois at Champaign-Urbana, Southern Illinois University at Carbondale and several others.

Asked for a comment on the Cointelpro documents, Tom Birchfield, spokesman for the Springfield FBI office, said he had been instructed to refer all inquiries to FBI headquarters in Washington. In Washington, FBI spokesman Jeff Maynard said, "The files speak for themselves and that's it. We're not making any comment."

While radical activities on these campuses may not have been as widespread as elsewhere in the country, the documents show the FBI nonetheless kept close tabs on any students who were involved, and sent whatever information it received to the U.S.
